

Daily cleaning **BASIC/O PROREMOVER**

Universal degreaser for all surfaces

Basic/o Proremover is a water-based solution, completely biodegradable, for daily deep cleaning of any surface. The product removes most of all kinds of dirt, as for example, fats, soaps, body and hair products, mould, signs of rubbing, organic deposits and general dirt.

Effective in many areas subject to foot traffic, both internal and external

Basic/o Proremover maintains the original structure and appearance of the surfaces, without damaging the substrate or altering the cementitious material or fixing agents.
